NAMIBIA UNIVERSITY
OF SCIENCE AND TECHNOLOGY

Faculty of Computing and Informatics

HTML lab 1   **August 6, 2023**

Instructions:

1. Using HTML, create a website depicting your own profile. The website is to consist of three (3) web pages. The landing page is the profile page with hyperlinks leading users to the "Friends" page, a web page containing a list of your friends (more than 2) and an "Additional Information" page containing more details about yourself. You draw inspiration from the following example.   **[15 Marks]**

2. You are required to upload your website to an eLearning submission link. You ought to place your files in a directory labeled with your "**student number**", the directory should contain an "**images**" folder where all the necessary images are located to separate them from the HTML files.

Deadline: 25 August 2023
